CEO's Message,

As Representative CEO of ATI (Asha Trade International), I would like to thank you for your continued support.

We have been doing great and that is undoubtedly down to the ongoing support and understanding of our customers and business partners and above all to the tireless hard work put in by our employees, who keep the company going on a daily basis.

Having served as CEO, my role as CEO from this year onwards will primarily involve managing overseas businesses, new businesses, and investment growth businesses.

To set the ATI (Asha Trade International) on the road towards further growth in the face of fierce competition in the Trading industry, we intend to create new growth engines and develop a powerful business model.

We are also keen to support the development of the Bangladeshi economy by helping our customers to succeed in business and contributing to social infrastructure.

I believe that "Successful people are not gifted; they just work hard, then succeed on purpose."

We are determined to achieve further growth based on this credo.

Mahamudul Hasan Rana  
Chief Executive Officer
